\* A - custom length of the center module - min 65cm / max 145cm  
 standard lengths are - 65, 85, 105, 125, and 145

## Fabric

Available in Kirkby Zen (37 colors), or any other fabric from our standard range  
 COM (Customer's Own Materials) option is also available

\* removable upholstery on seat and back cushions; dry-clean only

\*\* shell fabric is fixed

## Description:

The 'Slice' sofa consists of two parts – hard outer shell and a soft inner cushion. The design imitates the protective mechanism seen in animal species like armadillos, pearl clams, and turtles. The shell provides solid support while the inner part – comfort. The inclined and extra soft arm-rests give the option to sit or lie in various positions.

## Key features:

- removable cushion covers for easy cleaning
- compact footprint, suitable for small apartments (95 cm depth)
- extra cushioned arm rests for great comfort
- four modules– center, left, right, corner unit, and footstool
- lightweight frame
